Forecast For Wales
Issued by Met Office Exeter
at 0400 on Wednesday 22 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A cloudy start, becoming brighter later.

Today:
Quite a cloudy start across the country, with patchy light rain and fog in places. Becoming fine and dry for most into the afternoon as cloud breaks; southwestern areas slower to clear, however. Breezy. Maximum temperature 20 deg C (68 deg F).

Tonight:
Turning cloudier again from the north through the evening, as a band of rain moves into the country. Becoming drier for most by dawn but remaining breezy throughout. Minimum temperature 13 deg C (55 deg F).

Thursday:
Staying cloudy but dry through the morning, before cloud breaks into the afternoon allowing for brighter, and sunny spells to develop. Breezy. Maximum temperature 18 deg C (64 deg F).

Outlook for Friday to Sunday:
Staying cloudy with patchy light rain on Friday and Saturday, with winds easing through Friday. Sunny spells and showers Sunday, heavy at times in the east. Feeling quite warm throughout.
